C1-M01-L01 - Advanced Academic and Professional Discourse: Grammar Lesson 1

CEFR Level: C1

Objective: Learners can synthesise, justify, negotiate and adapt register in a grammar task about professional communication.

1. Learn

In this lesson you will practise grammar for advanced academic and professional discourse. You will learn useful language connected to professional communication and practise inversion. By the end, you should be able to complete a short real-life task and explain your answer clearly at C1 level.

2. Teaching Focus

Focus language: inversion. Vocabulary theme: professional communication. The teacher introduces the target language in a meaningful context, models pronunciation and form, checks meaning with concept questions, and moves learners from controlled practice to freer use. At C1, learners should synthesise, justify, negotiate and adapt register with increasing independence. The lesson should use board examples, short teacher modelling, pair practice, feedback and a final communicative task.

3. Examples

- Example 1: I can use inversion to talk about professional communication.
- Example 2: The learner gives a C1 answer with clear meaning and correct key language.
- Example 3: The learner checks, improves and repeats the answer after feedback.
- Example 4: The learner uses one linking phrase or support phrase suitable for C1.

4. Interactive Practice

- Choose the best sentence using inversion.
- Match the professional communication phrase to its meaning.
- Build a complete answer for the lesson task.

5. Speaking Task

Speak for 60-120 seconds about professional communication. Use at least two examples and one reason.

6. Writing Task

Write a short C1 response about professional communication. Include the target language: inversion.

7. Homework

Write or record five sentences about professional communication using language from this lesson.
